## TENNIS SERIES THE BIG AFFAIR OF THIS WEEK

Weather Unfavorable But Crowds  
Large And Everybody Enjoyed  
The Playing

### SOME OF THE PRINCIPAL RESULTS

The following account of the trip of the Maui baseball team to Molokai was prepared by a member of the party:

The big tennis meet on the Puu-nene courts, in which the Coast, Honolulu and local players vied for first honors, was highly interesting, as had been anticipated, despite the fact that the weather was exceedingly bad throughout most of the period of the tournament. It is doubtful that worse weather for the pleasures of tennis could have been conceived of, and there was considerable question at the time as to who was to blame for it. Some of the Maui players were sure that the Hilo visitors were to blame, but Mr. G. H. Vickers denied this most emphatically and pointed out, quite rightly, that the storm was coming from another direction entirely.

Many of the players came from Hawaii on the Mauna Kea Friday night, intending to land at Lahaina. The ocean was so rough, however, that there was no prospect of reaching the wharf there, so they were transferred at sea to the steamer Claudine, coming up from Honolulu to Kahului, landing being effected at the latter place about daylight. The change of arrangements brought some confusion among the members of the reception committee, but the visitors were met

## Commerce Chamber Holds A Meeting

Good Attendance At First Session  
Under The New Plan Of  
Monthly Gatherings

The president being absent in Honolulu, Vice President Wm. Walsh presided at the meeting of the Chamber of Commerce held yesterday afternoon—this, by the way, being the first session under the new rule providing for monthly meetings.

The matter first taken up was that of food bulletins which are being constantly received by the Chamber, and it was decided that the same should be kept on file for the information and use of the members.

C. D. Lufkin, chairman of the committee appointed at the last meeting, together with E. R. Bevin and D. T. Fleming, to go into the question of a fire marshal and the observance of fire-prevention day—reported that not much had been accomplished but that the matter was being investigated.

R. A. Wadsworth, committee on violations of auto regulations, reported progress. He also introduced Rev. Mr. Hori, of Honolulu, who is visiting Maui for the purpose of interesting Japanese in the war savings stamps. Mr. Hori explained his work and stated that the Japanese of Honolulu had sent speakers to all the islands on missions similar to his own.

Mr. Wadsworth volunteered the statement that the Chamber was not co-operating with the county supervisors as it should, and that he believed that the board would appreciate co-operation.

Discussion was had on macadamizing the road between the Baldwin Home and the Seminary, and it was decided to have a committee of three wait on the supervisors with a view to getting the road put in shape. On this committee were appointed: F. B. Cameron, L. von Tempeky and R. A. Wadsworth.

On motion of Mr. Cameron, the Chamber went on record as favoring the Territorial fair project and as willing to assist it in every way possible.

### CONTEST UNDER WAY

The prize contest instituted by the directors of the Maui Drygoods & Grocery Co., the Central Store, Pioneer Store and Moura & Co. is attracting a great deal of attention. It started at the first of the month and will run until Christmas Eve. A number of presents are to be given away to customers, the plan being described in a pamphlet which has been issued.

The Kilauea will arrive this evening from Honolulu. She will probably have a coast mail, as a steamer was due at Honolulu this morning from San Francisco.

## Birdman's Plans For Flight From Oahu To Kahului

Major Clark Looks Over Situation  
And Decides On Route To Be  
Followed

### WILL ARRIVE IN ABOUT A WEEK

Major H. M. Clark, the aviator who has been making flights around Honolulu and expects to visit Maui in his sea-plane in the course of a week or ten days, was here early in the week, coming from Hilo and continuing on back to Honolulu Wednesday night. He came here for the purpose of studying out the most desirable landing places, air and other conditions.

His plan on leaving was about as follows: He will leave Honolulu on a day to be announced later, at about 9 o'clock in the morning; will go over the leper settlement on Molokai, reaching Maui near Lahaina, thence down the coast toward Maalea and across the island to Kahului where he will alight on the water of the bay. He expects, in view of the somewhat circuitous route, to take about an hour and a half from Honolulu to Kahului, reaching the latter at about 10:30 o'clock in the morning.

A part of the day will be spent on Maui and in the afternoon the major will fly back again to Oahu, going direct and taking not over an hour, perhaps.

The Maui News has arranged to have wireless notice sent over on the morning the Major leaves Honolulu, giving the exact (or very nearly) time of his arrival at Kahului, and an effort will be made by this office to inform the public of the time.

Major Clark is a young man, having graduated from West Point only four years ago. He is a Minnesota, and his father was an officer of the 13th Minnesota regiment which passed through Honolulu in 1898 on its way to Manila. He is an expert aviator and is the official head of the service in these islands. After visiting Maui it is his intention to make the longer trip from Honolulu to Hilo, possibly passing around the south side of the island of Hawaii.

## Gardens' Committee Holds Business Meeting

The children's gardens committee of the County Fair & Racing Association held a meeting at the Alexander House Settlement, Wailuku, on Saturday, March 2.

There were present: D. H. Case, president; Dr. W. D. Baldwin, Messrs. Watt, E. J. Brown, Caleb Burns, Murphy, R. C. Bowman, J. B. Thompson, W. S. Beaman, C. A. Puck, James Lindsay, F. G. Krauss, M. Joseph, L. R. Mathews, Mrs. Wilbur and Mrs. Crockett.

Mr. Mathews reported having completed a card index of all gardeners to date, this index showing that there have so far reported forty adult gardeners, and four hundred and twenty-two children's gardeners. Reports from various sections of the country indicate that this number will be increased.

A motion was made by L. R. Mathews, seconded by Dr. Baldwin, that the garden contest close May 31st, instead of June 30th, and that the executive committee address the school authorities, requesting permission to take the winners out of school for one week to visit the Territorial Fair. Carried.

Discussion: May a child have two or more gardens entered? See motion below.

Discussion: May a child who has a large area pick out 100 square feet that are best?

Motion by J. B. Thompson, seconded by W. S. Beaman, that the size, age of the gardener and varieties of vegetables be considered only by the judges. Carried.

Motion by W. S. Beaman, seconded by Dr. Baldwin, that the same judges act this year as in last year's contest. Carried.

Motion by Dr. Baldwin, seconded by Mr. Beaman, that the Garden Committee ask for 100 square feet of exhibition space at the Territorial Fair for children's gardens exhibits. Carried.

### WEDDING AT LAHAINA

Frank Crockett officiating. Mr. and Mrs. Bruss are living at present, in one of the cottages of the Pioneer Hotel annex.

## Important Meetings Set For Tomorrow

Food Administrator Child, who is now in Hilo, sent a wireless to John J. Walsh late yesterday stating that he would arrive on Maui by the Mauna Kea tonight, and wanted mass meetings of grocers, bakers and fishermen of Maui tomorrow.

Mr. Child specified in his wireless that the meeting of grocers and bakers should be held at 9 o'clock tomorrow morning, and that the meeting with the fishermen should be at 1 p. m.

Mr. Walsh has been busy since trying to notify all concerned, and this notice is published with the intention of helping out the matter as far as possible.

The meetings tomorrow will be held in Wailuku, most probably in the circuit court room.

## MAUI WILL HAVE FINE LIVESTOCK LAYOUT AT FAIR

Many Entries Already Decided On  
And Others Assured Before  
April First

### BIG BUILDINGS BEING PLANNED

Honolulu, March 5.—Success of the livestock exhibit at the territorial fair in June was practically assured this week by the receipt of entries for more than a hundred head of horses, cattle and swine.

Incidentally, the livestock committee has decided to give breeders an extension of thirty-one days in which to file entries for their exhibits, setting back the final entry date from March 1 to April 1.

Interest is quickening also in the poultry and dog shows, some fanciers having already filed entries for these events, while a considerable number of inquiries have reached Secretary C. R. Willard. His address is P. O. Box 253, Honolulu. Inquiries for data concerning any of the fair exhibits and plans should be sent to him, and will be answered by him directly or by chairmen of the committees interested.

Robert Hind, of Hawaii, announces he will be at the fair with twelve or fourteen head of Holstein dairy cattle, which he will exhibit in every entry save one of the Holstein class, and will place in a number of the special competitions for the dairy breeds.

The baseball games at Paia last Sunday were again hampered by bad weather, although a good-sized crowd attended. In the first game the Giants won over the Filipinos, 8 to 6, but the contest was a very spirited one. The second game, between the Beauts and Haikus, had to be called in the fifth innings, on account of rain, the score then being 3 to 0.

Interesting Writup Of Trip By A  
Member Of The Party Of  
Excursionists

### SOME GOOD PLAYING AND FINE TIME

We all met at Lahaina at 6:30 a. m. on February 22nd, under the leadership of Mr. Aki Tom. The party comprised of fourteen boys and seven girls, namely:

At 9:30 a. m. we were on our way to Molokai on two sampans. Everything went well for a few miles from Lahaina, but soon we reached the open channel and some of us went rushing for the sides of the boats for they were certainly giving us the latest as far as dips are concerned.

At 12 p. m. we landed at Pukoo in a watery state, for on our way across we encountered rain and also the waves splashed over the decks of the boats. We walked to a home not far off and tried to hire the auto that we saw there, but the old "Liz" had no gas and we had to foot part of the way to Kamalo where we had to play the first game. We walked and soon we saw another "Liz" and luckily this time it had gasoline. We hired this machine and put the nurses on it. In the meantime Mr. Ed. McCriston was notified of our landing
